

Improve Staff Response Time and Efficiency

The Pronto provides guests or staff a simple way to request immediate service or attention.

Improve Communications Between Staff and Guests

The Pronto offers an easy way to communicate between staff and guests with customizable messaging. This wireless push button pager is ideal for any business that requires notifying another person for service. This allows for quick on-site communication that boosts operation efficiency and enhances guest and staff experience.

Quicker Response Time

The Pronto identifies the exact location a guest or staff is requesting service or assistance. A staff member receives a silent page and can respond immediately.

Increase Productivity

Be smarter about who needs service, where to go, and attend to those needs quickly. Minimize down time while increasing efficiency and operations.

Empower Guests and Staff

Offer a simple method for anyone to request service or attention when needed. Give them the means to notify others when they need immediate attention.

HOW IT WORKS

- 1 Request**
A button is pushed on the device when assistance is needed
- 2 Locate**
An alert is sent to the corresponding pager, advising staff who needs service along with their exact location.
- 3 Respond**
Staff member responds immediately, thereby utilizing their time efficiently and productively.
