HOW IT WORKS

- 1 Assign**
Provide a wearable LRS pager to staff or workers so they can be reached regardless of where they are in the vicinity.
- 2 Notify**
Attention is requested through customizable messages with instructions or specific tasks.
- 3 Respond**
Upon receiving the text or page, staff can respond immediately and take care of their task.

Increased Staff Responsiveness

Communication improves with instructions and messages being sent directly to the pager. Staff can respond right away with little to no delay in communication.

Boost Staff Productivity

Give staff the tools they need to be more efficient and productive. The convenience of instant and customizable messaging streamlines work flow and boosts productivity.

Better Work Environment

Create a more enjoyable work environment with staff paging. Instant communication provides better directions and can be useful for in-house and out-house staff workers.
